HARMONIZING THE INTERESTS OF THE CITY AND OF CORPORATIONS.

It is a great loss to both the city and to public service corporations not to work in the utmost harmony.

It will not pay this city to engage in CONSTANT OR EVEN INTERMITTENT WARFARE WITH THE STEAM OR ELECTRIC RAILROADS THAT ENTER HERE.

They are large employers of labor, large advertisers of the city, and the greatest factors we have for the building of a Greater Salem.

IT IS WORTH MILLIONS OF DOLLARS TO THIS CITY to have these corporations friendly to the city, and helping to build it up to greatness.

So that an unfortunate difference between this city and the Oregon Electric IS TO BE DEPLORED AND LAMENTED.

The managers of the city government and the managers of such a corporation should live on the most friendly terms and co-operate to build up both the corporation and the city.

There are narrow, mean and designing persons who for selfish ends ARE ALWAYS READY TO SEE A CORPORATION EMBROILED WITH A CITY GOVERNMENT.

The city authorities should hear such persons but should discount their demands for punishment to a corporation.

BUT SOMETIMES THE CORPORATION MANAGERS ARE TO BLAME.

We cannot help but think that some of the officials of the Oregon Electric have blundered in the matter of the North High and Broadway grade.

A corporation must do business through its officials, its employees, its engineers and its attorneys.

After twenty-two years of successful banking in Salem, this bank is prepared to give its customers all the accommodations that a modern and well equipped bank can furnish.

CAPITAL NATIONAL BANK

ESTABLISHED 1885

J. H. ALBERT, President

R. M. CHOMAN, Vice-Pres.

JOS. H. ALBERT, Cashier

For about a year the Oregon Electric had A MERE RIGHT OF WAY AGENT APPEARING BEFORE THE CITY officials in matters relating to its franchise.

Now a man may be a very good right of way agent but utterly unfit to deal with officials of a city government or the city council.

Even an engineer may be good AT THE LEGITIMATE WORK OF HIS PROFESSION and be an utterly unfit person to deal with public matters through properly constituted public officials.

The successful management of property interests like the Oregon Electric REQUIRE THAT SOME FRIENDLY UNDERSTANDING EXIST between the engineer of the corporation and the engineer of the city.

The legal adviser of the city and of the corporation SHOULD CONFER FREELY AND REACH CONCLUSIONS before matters are threshed out in a city council.

The head of such a corporation should appear before the proper committees and thresh out the details and reach agreements after patient consideration and before publishing statements.

If that had been done and there had been full and amble consideration and presentation by both sides there would not be today this unfortunate condition where the city and the Oregon Electric ARE LIABLE TO FIGHT IT OUT IN THE COURTS.

The Oregon Electric is a new corporation and it has new men in charge of its work and it is not expected that they will be all-wise under all circumstances.

It took the Portland General Electric some time to get out of its attitude of strained relations with the city and GET A MORE FRIENDLY UNDERSTANDING.

President Joslin made many trips to Salem and had many long-winded pow-wows with councilmen and Board of Trade and Business Men's league before a broad-minded policy was reached and today THERE IS PEACE AND COMITY OF ACTION ON ALL MATTERS.

This city worked in harmony with the Oregon Electric and gave that corporation for the mere asking over two miles of the best street in the city.

ITS INTERESTS AT SALEM ARE TOO BIG TO GO TO LAW ABOUT.

No one can read the letters interchanged between the mayor and Manager Talbot and not come to the conclusion that there has been blundering somewhere.

It is stated that when the line through North Salem was being graded the street committee at that time COMPELLED THE CORPORATION TO RAISE ITS GRADE A FOOT HIGHER THAN IT HAD FIRST SURVEYED.

If that is true then the railroad

corporation is not to be blamed for resisting an order to compel it to lower its grades.

Without entering into the merits of the controversy The Capital Journal must beg leave to suggest THAT THERE BE MORE CO-OPERATION, AND FRIENDLY CONSIDERATION.

Neither the city nor the public service corporation can afford to go into the courts and create ill feeling that will last for a generation.

THESE ARE THE DAYS OF BUILDING UP, NOT OF PULLING DOWN.

We can on the part of the city demand so many things of a railroad THAT IT WILL HATE THE VERY NAME OF OUR CITY.

On the other hand, there must be a certain amount of public spirit displayed on the part of railroads.

The Oregon Electric has at all times kept all its agreements with this city AND SPENT ITS MONEY FREELY AND PAID ITS BILLS.

Teh utmost effort should be made to adjust the differences between the corporation and the city.

LET US NOT KILL THE GOOSE THAT LAYS THE GOLDEN EGG OF OUR PROSPERITY AND GIVES SALEM THE LIFE IT NOW HAS.

As the capital of the state we have tremendous interests at stake and we are agents for the whole state.

WE ARE NOT ACTING JUST FOR THIS LITTLE CITY BUT FOR THE WHOLE COMMONWEALTH.

If we are not equal to the responsibility can we blame the rest of the state for crying out against this place as the capital city?

Every public service corporation must learn to transact its public business with consideration and patience and diplomacy.

Corporation officials and public officials CAN AFFORD TO TAKE TIME TO HARMONIZE DIFFERENCES INVOLVING LARGE INTERESTS.

Playing dog in the manger at the expense of the development of the city is poor politics.

PLAYING POLITICS at the expense of the development of traffic of a railroad is poor business.

Salem needs the Oregon Electric and needs its extensions south and there has got to be single-minded devotion to the public interest.

THERE ARE POSSIBLY INTERESTS FIGHTING BOTH THE DEVELOPMENT OF THE CITY AND THE EXTENSION OF THE OREGON ELECTRIC.

If those interests can embroil this large and powerful new corporation in a legal battle with the city they will kill two birds with one stone.

LET US TAKE BROAD VIEWS FOR THE UPBUILDING OF THE SUCH CORPORATIONS ETAOIN. SHRD CITY, and the encouragement of such corporations as the Oregon Electric to expand its interests, do a profitable business, and make its property valuable.

The interests are too large; there is too much at stake, to not adopt a policy of co-operation.

THERE MUST BE A POLICY OF GIVE AND TAKE ON BOTH SIDES.

The corporation must respect the city and the city must encourage the corporation.

We cannot afford to cripple in any manner such an important line of transportation, OR HAMPER ITS DEVELOPMENT IN ANY WAY.

Both sides must get out of the rough-and-tumble way of doing business.

Both sides must stop listening to suggestions from parties having private interests to serve.

All this is said in the interest of PERMANENT FRIENDLY RELATIONS BETWEEN THE CITY AND THE OREGON ELECTRIC.

Twenty years experience in this city and thirty years experience in the newspaper business convinces us there is nothing in fighting and friction.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle

by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

\$100 Reward, \$100

The readers of this paper will be to be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. Cheney & Co., Toledo, O.

Over Thirty-five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Dr. Stone's drug store.

Error is a great deal worse than ignorance. It is better to know nothing than to know what isn't true.

The New Remedy That Does.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mr. E. R. Pierson, of Auburn Centre, Pa. It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at J. C. Perry's drug store 50c and \$1.00. Trial bottle free.
